The General Secretary to the Govt. of
H.H. the Maharaja of Mysore, Bangalore.

Med 230-31-1.

Sir,

Subject:- Powers of purchase of Medical Officers of Victoria Hospital & K.R. Hospital, Mysore.

Adverting to G.O. No. G.1279-99/Med 41-26-2 dated 8-9-1926 (~~xxxx~~ a copy enclosed for ready reference) sanctioing the limit of purchase of articles under X-ray upto Rs.250/- and general purchase limited to Rs.25/- as usual, I have the honour to state as follows

Much difficulty is felt in general purchases of supplies and medicines owing to the restriction of purchase at a time within the limit of Rs.25/-. We are frequently in urgent need of purchase of Hospital necessaries and medicines, and it generally exceeds the limit of Rs.25/ which necessiates the sanction of Government, thereby causing delay in payment. This sanction would be far more useful than under the X-ray grant.

If this were approved, it would enable me to make very urgent purchases at one time and lessen the number of bills and thus to avoid inevitable delay now necessiated in paying the firms.

Would you kindly present this to Government and obtain orders enhancing my powers of purchase up to Rs.250/- in this hospital for general purchases? This sanction will be used with greatest scrutiny

I have the honour to be.

Sir,

Your most obedient servant,

J F Robinson

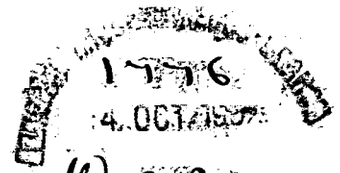
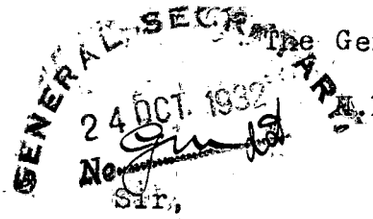
FROM

Dr. J. F. ROBINSON, B.A., M.D., F.A.C.S., F.R.C.S.E.,
Durbar Surgeon and Medical Officer,
Krishnarajendra Hospital, Mysore.



To



The General Secretary to the Govt. of H.H. the Maharaja of Mysore, Bangalore.

Sir,

With reference to your No.G.626 dated 230-31-2 dated 21-7-32 regarding the enhancement of my powers to purchase up to Rs.250/- I have the honour to bring to your notice that it is not possible to strictly adhere to the rules to make purchases up to the limit of Rs.25/- each time in an insitution like Krishnarajendra Hospital wherein a provision of Rs.25,000/- is made for purchase of medicines and hospital necessaries

A supply of medicines etc., is, no doubt obtained from the Store but the full supply of all the items indented for is not sent in one batch. It is recived piece-meal and that too, in very small quantities. I may state that the supply of gloves and other such important articles that are required for daily use at the operation theatre is so megere that we cannot get on with the work unless additional purchases are made elsewhere. For instance, we have been purchasing gloves from Bombay frequently up to a limit of Rs.25/- each time in order to keep up to the rules and there are also several instances of the kind. To split up the indents so as to be within the limit of Rs.25/- not only throws extra labour and delay but also involves in heavy transit and other incidental charges each time.

Moreover certain important instruments and up to date preparations are at times needed in the treatment of diseases of pecular nature in the Ophthalmic and Ear, Nose and Throat departments, Laboratory and wards.

hese articles are not supplied at all from the Stores and it is

it is not possible to restrict the purchase of these articles to the limit of Rs.25/- in view of the emergency and necessity. There also are certain items the bulk of which cannot be split up and it is not possible to buy such things below Rs.25/-

To apply to Government for sanction in each case means long delay and extra correspondence With a view to avoid the labour, delay and unnecessary heavy expenditure it is desirable that my powers to purchase foods to the extent of Rs.250/- at a time be enhanced. I therefore request that your will be pleased to obtain sanction thereto at an early date.

The work is being managed with great difficulty splitting up the indents in parts so as to keep each purchase up to the limit of ~~Rs.25~~ Rs.25/-

We have been trying to improve our fracture treatment, for which we only have antiquated equipment and require special ~~instruments~~ instruments and fracture beds. I have been trying to obtain these for the past three years, but the Stores say they have no money for the purpose and several months ago the Stores Purchase Committtee undertook to obtain tenders for the supply of some beds. After selection of a Firms quotations, the firm then wrote doubling its price and the order was cancelled consequently. After these months of delay there will be further months of delay before we can hope to get these beds. I can get them made in Bangalore at about Rs.170/- each and could at least order two at once on the arrangements of a power to spend Rs.250/- instead of Rs.25/- at a time.

These privilege is not asked for for personal convenience. It is to improve facilities of the service of the hospital for the benifit of the patients who come for treatment, so that they can get the best treatment possible, thus effecting economy by shortening convalesence and the reducing expense to Government by a shorter stay in hospital.

I append in the margin a few ~~instances~~ instances in which sanction of Government was sought for for exceeding the limit under unavoidable circumstances.

I have the honour to be,
